It's been a while since you have been active with Lenovo, and there's a new reason to get back in the game.

Lenovo 360 BOOST is a credits-based incentive program that rewards you for growing with Lenovo and gives you even more ways to invest in what comes next.

The more you sell, the more you earn

Grow your Lenovo sales, build your expertise and take part in learning activities to earn credits. The more you do with Lenovo, the more **BOOST** gives back.

And the rewards go well beyond credits

BOOST can give you access to specialized rewards, marketing funds, sales support and training resources, giving you more ways to invest in your people, promote your business and pursue new opportunities.

There is a lot to come back for

- Unlock rewards as you get your Lenovo sales moving again
- Put marketing funds behind your next big opportunity
- Give your team more ways to learn and grow
- Tap into Lenovo sales support to build new momentum
